

# 2009 APNA

Arkansas Prevention Needs Assessment Student Survey

Johnson County Profile Report

Arkansas Department of Human Services  
Division of Behavioral Sciences  
Office of Alcohol and Drug Abuse Prevention

Conducted by International Survey Associates

## Contents

<b>1 INTRODUCTION</b>	<b>16</b>
1.1 The Risk and Protective Factor Model of Prevention . . . . .	19
<b>2 TOOLS FOR ASSESSMENT AND PLANNING</b>	<b>19</b>
<b>3 SCHOOL IMPROVEMENT USING SURVEY DATA</b>	<b>20</b>
3.1 What are the numbers telling you? . . . . .	20
3.2 How to decide if a rate is "unacceptable." . . . . .	20
3.3 Use these data for planning: . . . . .	20
<b>4 HOW TO READ THE CHARTS AND TABLES</b>	<b>21</b>
<b>5 NO CHILD LEFT BEHIND PROFILE</b>	<b>67</b>
<b>6 STUDENT TOBACCO USE, EXPERIENCES AND PREVENTION SERVICES</b>	<b>73</b>
<b>7 DRUG-FREE COMMUNITIES SUPPORT PROGRAM CORE MEASURES</b>	<b>76</b>
<b>8 CROSSTABULATION OF QUESTIONNAIRE VARIABLES BY GRADE LEVEL</b>	<b>78</b>
<b>9 PREVENTION RESOURCES</b>	<b>174</b>
9.1 Regional Prevention Resource Centers . . . . .	174
9.2 State and National Contacts . . . . .	176

## List of Tables

1 Student Totals . . . . .	17
2 Grade . . . . .	17
3 Sex . . . . .	18
4 Ethnic Origin . . . . .	18
5 Risk and Protective Factor Scale Definition . . . . .	46
6 Alcohol - Lifetime Use . . . . .	48
7 Cigarettes - Lifetime Use . . . . .	48
8 Chewing Tobacco - Lifetime Use . . . . .	48
9 Marijuana - Lifetime Use . . . . .	48
10 Hallucinogens - Lifetime Use . . . . .	49
11 Cocaine - Lifetime Use . . . . .	49
12 Inhalants - Lifetime Use . . . . .	49
13 Sedatives - Lifetime Use . . . . .	49
14 Meth - Lifetime Use . . . . .	50
15 Stimulants - Lifetime Use . . . . .	50
16 Heroin - Lifetime Use . . . . .	50
17 Ecstasy - Lifetime Use . . . . .	50
18 Prescription Drugs - Lifetime Use . . . . .	51
19 Over-The-Counter Drugs - Lifetime Use . . . . .	51
20 Alcopops - Lifetime Use . . . . .	51

21	Any Drug - Lifetime Use . . . . .	51	43	Stolen a Vehicle . . . . .	56
22	Alcohol - Past 30 Day Use . . . . .	51	44	Been Arrested . . . . .	56
23	Cigarettes - Past 30 Day Use . . . . .	52	45	Attacked to Harm . . . . .	56
24	Chewing Tobacco - Past 30 Day Use . . . . .	52	46	Carried a Handgun . . . . .	56
25	Marijuana - Past 30 Day Use . . . . .	52	47	Handgun to School . . . . .	57
26	Hallucinogens - Past 30 Day Use . . . . .	52	48	Community Risk - Low Neighborhood Attachment . . . . .	57
27	Cocaine - Past 30 Day Use . . . . .	53	49	Community Risk - High Community Disorganization . . . . .	57
28	Inhalants - Past 30 Day Use . . . . .	53	50	Community Risk - Transitions and Mobility . . . . .	57
29	Sedatives - Past 30 Day Use . . . . .	53	51	Community Risk - Laws and Norms Favorable to Drug Use . . . . .	57
30	Meth - Past 30 Day Use . . . . .	53	52	Community Risk - Perceived Availability of Drugs . . . . .	57
31	Stimulants - Past 30 Day Use . . . . .	54	53	Community Risk - Perceived Availability of Handguns . . . . .	58
32	Heroin - Past 30 Day Use . . . . .	54	54	Family Risk - Poor Family Management . . . . .	58
33	Ecstasy - Past 30 Day Use . . . . .	54	55	Family Risk - Family Conflict . . . . .	58
34	Prescription Drugs - Past 30 Day Use . . . . .	54	56	Family Risk - Family History of Antisocial Behavior . . . . .	58
35	Over-The-Counter Drugs - Past 30 Day Use . . . . .	55	57	Family Risk - Parental Attitudes Favorable to ATOD . . . . .	58
36	Alcopops - Past 30 Day Use . . . . .	55	58	Family Risk - Parental Attitudes Favorable to ASB . . . . .	58
37	Any Drug - Past 30 Day Use . . . . .	55	59	School Risk - Academic Failure . . . . .	59
38	Binge Drinking . . . . .	55	60	School Risk - Low Commitment to School . . . . .	59
39	Pack of Cigarettes . . . . .	55	61	Peer Risk - Rebelliousness . . . . .	59
40	Suspended from School . . . . .	55	62	Peer Risk - Early Initiation of Drug Use . . . . .	59
41	Drunk or High at School . . . . .	56	63	Peer Risk - Early Initiation of ASB . . . . .	59
42	Sold Illegal Drugs . . . . .	56	64	Peer Risk - Peer Favorable Attitudes to ASB . . . . .	59

65	Peer Risk - Peer Favorable Attitudes to Drug Use . . . . .	60
66	Peer Risk - Intentions to Use . . . . .	60
67	Peer Risk - Peer Perceived Risk of Drug Use . . . . .	60
68	Peer Risk - Interaction with Antisocial Peers . . . . .	60
69	Peer Risk - Friends' Use of Drugs . . . . .	60
70	Peer Risk - Sensation Seeking . . . . .	60
71	Peer Risk - Peer Rewards for Antisocial Involvement . . . . .	61
72	Peer Risk - Depressive Symptoms . . . . .	61
73	Peer Risk - Gang Involvement . . . . .	61
74	Community Protective - Opportunities for Prosocial Involvement . . . . .	61
75	Community Protective - Rewards for Prosocial Involvement . . . . .	61
76	Family Protective - Family Attachment . . . . .	61
77	Family Protective - Family Opportunities for PSI . . . . .	62
78	Family Protective - Family Rewards for PSI . . . . .	62
79	School Protective - School Opportunities for PSI . . . . .	62
80	School Protective - School Rewards for PSI . . . . .	62
81	Peer Protective - Religiosity . . . . .	62
82	Peer Protective - Social Skills . . . . .	62
83	Peer Protective - Belief in a Moral Order . . . . .	63
84	Peer Protective - Prosocial Involvement . . . . .	63
85	Peer Protective - Peer Rewards for Prosocial Involvement . . . . .	63
86	Peer Protective - Interaction with Prosocial Peers . . . . .	63

87	Sources of Alcohol . . . . .	64
88	Location of Alcohol Use . . . . .	64
89	I feel safe at my school. . . . .	65
90	How often have you taken a handgun to school. . . . .	65
91	How wrong do you think it is for someone your age to take a gun to school. . . . .	66
92	Have any of your brothers/sisters ever taken a gun to school. . . . .	66
93	Avg Age of First Marijuana . . . . .	67
94	Avg Age of First Cigarettes . . . . .	67
95	Avg Age of First Alcohol . . . . .	67
96	Avg Age of First Regular Alcohol Use . . . . .	67
97	Avg Age of First School Suspension . . . . .	68
98	Avg Age of First Been Arrested . . . . .	68
99	Avg Age of First Carried a Gun . . . . .	68
100	Avg Age of First Attacked to Harm . . . . .	68
101	Avg Age of First Belonged to a Gang . . . . .	68
102	Cigarettes - Lifetime Use . . . . .	73
103	Chewing Tobacco - Lifetime Use . . . . .	73
104	Cigarettes - Past 30 Day Use . . . . .	73
105	Chewing Tobacco - Past 30 Day Use . . . . .	73
106	Which statement best describes rules about smoking inside your home? . . . . .	74

107	Which statement best describes rules about smoking in your family cars? . . . . .	74
108	During this school year, were you taught in any of your classes about the dangers of tobacco use? . . . . .	75
109	During the past 12 months, have you participated in any community activities to discourage people your age from using cigarettes, chewing tobacco, snuff, dip or cigars? . . . . .	75
110	Core Measure by Grade for Past 30 Day Use . . . . .	76
111	Core Measure by Grade for Perception of Risk . . . . .	76
112	Core Measure by Grade for Parental Disapproval . . . . .	76
113	Core Measure by Grade for Age of Onset . . . . .	76
114	Core Measure by Sex for Past 30 Day Use . . . . .	77
115	Core Measure by Sex for Perception of Risk . . . . .	77
116	Core Measure by Sex for Parental Disapproval . . . . .	77
117	Core Measure by Sex for Age of Onset . . . . .	77
118	Sex . . . . .	82
119	Age . . . . .	82
120	Are you Hispanic or Latino? . . . . .	82
121	What is your race? Black or African American . . . . .	83
122	What is your race? Asian . . . . .	83
123	What is your race? American Indian . . . . .	83
124	What is your race? Alaska Native . . . . .	83
125	What is your race? White . . . . .	84
126	What is your race? Native Hawaiian or Other Pacific Islander . . . . .	84

127	What is your race? Other . . . . .	84
128	What is the highest level of schooling completed by your mother or father? . . . . .	85
129	Think of where you live most of the time. Which of the following people live there with you? Mother . . . . .	85
130	Think of where you live most of the time. Which of the following people live there with you? Stepmother . . . . .	85
131	Think of where you live most of the time. Which of the following people live there with you? Foster Mother . . . . .	86
132	Think of where you live most of the time. Which of the following people live there with you? Grandmother . . . . .	86
133	Think of where you live most of the time. Which of the following people live there with you? Aunt . . . . .	86
134	Think of where you live most of the time. Which of the following people live there with you? Father . . . . .	86
135	Think of where you live most of the time. Which of the following people live there with you? Stepfather . . . . .	87
136	Think of where you live most of the time. Which of the following people live there with you? Foster Father . . . . .	87
137	Think of where you live most of the time. Which of the following people live there with you? Grandfather . . . . .	87
138	Think of where you live most of the time. Which of the following people live there with you? Uncle . . . . .	87
139	Think of where you live most of the time. Which of the following people live there with you? Other Adults . . . . .	88
140	Think of where you live most of the time. Which of the following people live there with you? Brother(s) . . . . .	88
141	Think of where you live most of the time. Which of the following people live there with you? Stepbrother(s) . . . . .	88

142	Think of where you live most of the time. Which of the following people live there with you? Sister(s) . . . . .	88
143	Think of where you live most of the time. Which of the following people live there with you? Stepsister(s) . . . . .	89
144	Think of where you live most of the time. Which of the following people live there with you? Other Children . . . . .	89
145	In my school, students have lots of chances to help decide things like class activities and rules. . . . .	89
146	Teachers ask me to work on special classroom projects. . . . .	90
147	My teacher(s) notices when I am doing a good job and lets me know about it. . . . .	90
148	There are lots of chances for students in my school to get involved in sports, clubs, and other school activities outside of class. . . .	90
149	There are lots of chances for students in my school to talk with a teacher one-on-one. . . . .	91
150	I feel safe at my school. . . . .	91
151	The school lets my parents know when I have done something well. . . .	91
152	My teachers praise me when I work hard in school. . . . .	92
153	Are your school grades better than the grades of most students in your class? . . . . .	92
154	I have lots of chances to be part of class discussions or activities. . . .	92
155	Now thinking back over the past year in school, how often did you: enjoy being in school? . . . . .	93
156	Now thinking back over the past year in school, how often did you: hate being in school? . . . . .	93
157	Now thinking back over the past year in school, how often did you: try to do your best work in school? . . . . .	93

158	How often do you feel that the school work you are assigned is meaningful and important? . . . . .	94
159	Putting them all together, what were your grades like last year? . . . .	94
160	How important do you think the things you are learning in school are going to be for your later life? . . . . .	94
161	How interesting are most of your courses to you? . . . . .	95
162	During the LAST FOUR WEEKS how many whole days of school have you missed because you skipped or 'cut'? . . . . .	95
163	Think of your four best friends (the friends you feel closest to). In the past year (12 months), how many of your best friends have: participated in clubs, organizations or activities at school? . . . .	95
164	Think of your four best friends (the friends you feel closest to). In the past year (12 months), how many of your best friends have: smoked cigarettes? . . . . .	96
165	Think of your four best friends (the friends you feel closest to). In the past year (12 months), how many of your best friends have: tried beer, wine or hard liquor (for example, vodka, whiskey, or gin) when their parents didn't know about it? . . . . .	96
166	Think of your four best friends (the friends you feel closest to). In the past year (12 months), how many of your best friends have: made a commitment to stay drug-free? . . . . .	96
167	Think of your four best friends (the friends you feel closest to). In the past year (12 months), how many of your best friends have: used marijuana? . . . . .	97
168	Think of your four best friends (the friends you feel closest to). In the past year (12 months), how many of your best friends have: tried to do well in school? . . . . .	97
169	Think of your four best friends (the friends you feel closest to). In the past year (12 months), how many of your best friends have: used LSD, cocaine, amphetamines, or other illegal drugs? . . . .	97

170	Think of your four best friends (the friends you feel closest to). In the past year (12 months), how many of your best friends have: been suspended from school? . . . . .	98
171	Think of your four best friends (the friends you feel closest to). In the past year (12 months), how many of your best friends have: liked school? . . . . .	98
172	Think of your four best friends (the friends you feel closest to). In the past year (12 months), how many of your best friends have: carried a handgun? . . . . .	98
173	Think of your four best friends (the friends you feel closest to). In the past year (12 months), how many of your best friends have: sold illegal drugs? . . . . .	99
174	Think of your four best friends (the friends you feel closest to). In the past year (12 months), how many of your best friends have: regularly attended religious services? . . . . .	99
175	Think of your four best friends (the friends you feel closest to). In the past year (12 months), how many of your best friends have: stolen or tried to steal a motor vehicle such as a car or motorcycle? . . . . .	99
176	Think of your four best friends (the friends you feel closest to). In the past year (12 months), how many of your best friends have: been arrested? . . . . .	100
177	Think of your four best friends (the friends you feel closest to). In the past year (12 months), how many of your best friends have: dropped out of school? . . . . .	100
178	Think of your four best friends (the friends you feel closest to). In the past year (12 months), how many of your best friends have: been members of a gang? . . . . .	100
179	What are the chances you would be seen as cool if you: smoked cigarettes? . . . . .	101
180	What are the chances you would be seen as cool if you: worked hard at school? . . . . .	101

181	What are the chances you would be seen as cool if you: began drinking alcoholic beverages regularly, that is, at least once or twice a month? . . . . .	101
182	What are the chances you would be seen as cool if you: defended someone who was being verbally abused at school? . . . . .	102
183	What are the chances you would be seen as cool if you: smoked marijuana? . . . . .	102
184	What are the chances you would be seen as cool if you: carried a handgun? . . . . .	102
185	What are the chances you would be seen as cool if you: regularly volunteered to do community service? . . . . .	103
186	How old were you when you first: smoked marijuana? . . . . .	103
187	How old were you when you first: smoked a cigarette, even just a puff? . . . . .	104
188	How old were you when you first: had more than a sip or two of beer, wine or hard liquor (for example, vodka, whiskey, or gin)? . . . . .	104
189	How old were you when you first: began drinking alcoholic beverages regularly, that is, at least once or twice a month? . . . . .	105
190	How old were you when you first: used phenoxydine (pox, px, breeze)? . . . . .	105
191	How old were you when you first: got suspended from school? . . . . .	106
192	How old were you when you first: got arrested? . . . . .	106
193	How old were you when you first: carried a handgun? . . . . .	107
194	How old were you when you first: attacked someone with the idea of seriously hurting them? . . . . .	107
195	How old were you when you first: belonged to a gang? . . . . .	108
196	How wrong do you think it is for someone your age to: take a handgun to school? . . . . .	108

197	How wrong do you think it is for someone your age to: steal anything worth more than \$5? . . . . .	108
198	How wrong do you think it is for someone your age to: pick a fight with someone? . . . . .	109
199	How wrong do you think it is for someone your age to: attack someone with the idea of seriously hurting them? . . . . .	109
200	How wrong do you think it is for someone your age to: stay away from school all day when their parents think they are at school? . . . . .	109
201	How wrong do you think it is for someone your age to: drink beer, wine or hard liquor (for example, vodka, whiskey, or gin) regularly? . . . . .	110
202	How wrong do you think it is for someone your age to: smoke cigarettes? . . . . .	110
203	How wrong do you think it is for someone your age to: smoke marijuana? . . . . .	110
204	How wrong do you think it is for someone your age to: use LSD, cocaine, amphetamines or another illegal drug? . . . . .	111
205	At school during the past 12 months, did you receive help from the resource teacher, speech therapist or other special education teacher? . . . . .	111
206	How many times have you done the following things? done what feels good no matter what. . . . .	111
207	How many times have you done the following things? done something dangerous because someone dared you to do it. . . . .	112
208	How many times have you done the following things? done crazy things even if they are a little dangerous. . . . .	112
209	How many times in the past year (12 months) have you: been suspended from school? . . . . .	113
210	How many times in the past year (12 months) have you: carried a handgun? . . . . .	113

211	How many times in the past year (12 months) have you: sold illegal drugs? . . . . .	114
212	How many times in the past year (12 months) have you: stolen or tried to steal a motor vehicle such as a car or motorcycle? . . . . .	114
213	How many times in the past year (12 months) have you: participated in clubs, organizations or activities at school? . . . . .	115
214	How many times in the past year (12 months) have you: been arrested? . . . . .	115
215	How many times in the past year (12 months) have you: done extra work on your own for school? . . . . .	116
216	How many times in the past year (12 months) have you: attacked someone with the idea of seriously hurting them? . . . . .	116
217	How many times in the past year (12 months) have you: been drunk or high at school? . . . . .	117
218	How many times in the past year (12 months) have you: volunteered to do community service? . . . . .	117
219	How many times in the past year (12 months) have you: taken a handgun to school? . . . . .	118
220	Are you currently on probation, or assigned a probation officer with Juvenile Court? . . . . .	118
221	Have you ever belonged to a gang? . . . . .	118
222	If you have ever belonged to a gang, did that gang have a name? . . . . .	119
223	You're looking at CD's in a music store with a friend. You look up and see her slip a CD under her coat. She smiles and says 'Which one do you want? Go ahead, take it while nobody's around.' There is nobody in sight, no employees and no other customers. What would you do now? . . . . .	119

224	You are visiting another part of town, and you don't know any of the people your age there. You are walking down the street, and some teenager you don't know is walking toward you. He is about your size, and as he is about to pass you, he deliberately bumps into you and you almost lose your balance. What would you say or do? . . . . .	119
225	You are at a party at someone's house, and one of your friends offers you a drink containing alcohol. What would you say or do? . . . . .	120
226	It's 8:00 on a weeknight and you are about to go over to a friend's home when your mother asks you where you are going. You say 'Oh, just going to go hang out with some friends.' She says, 'No, you'll just get into trouble if you go out. Stay home tonight.' What would you do now? . . . . .	120
227	How often do you attend religious services or activities? . . . . .	120
228	I do the opposite of what people tell me, just to get them mad. . . . .	121
229	I like to see how much I can get away with. . . . .	121
230	I ignore rules that get in my way. . . . .	121
231	I think sometimes it's okay to cheat at school. . . . .	122
232	It is important to think before you act. . . . .	122
233	Sometimes I think that life is not worth it. . . . .	122
234	At times I think I am no good at all. . . . .	123
235	All in all, I am inclined to think that I am a failure. . . . .	123
236	In the past year, have you felt depressed or sad MOST days, even if you felt okay sometimes? . . . . .	123
237	It is all right to beat up people if they start the fight. . . . .	124
238	I think it is okay to take something without asking if you can get away with it. . . . .	124

239	Sometimes we don't know what we will do as adults, but we may have an idea. Please answer how true these statements may be for you. WHEN I AM AN ADULT I WILL: smoke cigarettes. . . . .	124
240	Sometimes we don't know what we will do as adults, but we may have an idea. Please answer how true these statements may be for you. WHEN I AM AN ADULT I WILL: drink beer, wine, or liquor. . . . .	125
241	Sometimes we don't know what we will do as adults, but we may have an idea. Please answer how true these statements may be for you. WHEN I AM AN ADULT I WILL: smoke marijuana. . . . .	125
242	Sometimes we don't know what we will do as adults, but we may have an idea. Please answer how true these statements may be for you. WHEN I AM AN ADULT I WILL: use LSD, cocaine, amphetamines or another illegal drug. . . . .	125
243	How much do you think people risk harming themselves (physically or in other ways) if they: smoked one or more packs of cigarettes per day? . . . . .	126
244	How much do you think people risk harming themselves (physically or in other ways) if they: try marijuana once or twice? . . . . .	126
245	How much do you think people risk harming themselves (physically or in other ways) if they: smoke marijuana regularly? . . . . .	126
246	How much do you think people risk harming themselves (physically or in other ways) if they: take one or two drinks of an alcoholic beverage (beer, wine, liquor) nearly every day? . . . . .	127
247	How much do you think people risk harming themselves (physically or in other ways) if they: have five or more drinks once or twice each weekend? . . . . .	127
248	On how many occasions have you had alcoholic beverages (beer, wine or hard liquor) to drink in your lifetime - more than just a few sips? . . . . .	127
249	On how many occasions have you had beer, wine or hard liquor to drink during the past 30 days? . . . . .	128

250	On how many occasions have you used marijuana (grass, pot) or hashish (hash, hash oil) in your lifetime? . . . . .	128
251	On how many occasions have you used marijuana (grass, pot) or hashish (hash, hash oil) during the past 30 days? . . . . .	129
252	On how many occasions have you used LSD or other psychedelics in your lifetime? . . . . .	129
253	On how many occasions have you used LSD or other psychedelics during the past 30 days? . . . . .	130
254	On how many occasions have you used cocaine or crack in your lifetime? . . . . .	130
255	On how many occasions have you used cocaine or crack during the past 30 days? . . . . .	131
256	On how many occasions have you sniffed glue, breathed the contents of an aerosol spray can, or inhaled other gases or sprays, in order to get high in your lifetime? . . . . .	131
257	On how many occasions have you sniffed glue, breathed the contents of an aerosol spray can, or inhaled other gases or sprays, in order to get high during the past 30 days? . . . . .	132
258	On how many occasions have you used phenoxydine (pox, px, breeze) in your lifetime? . . . . .	132
259	On how many occasions have you used phenoxydine (pox, px, breeze) during the past 30 days? . . . . .	133
260	On how many occasions have you used sedatives (tranquilizers, such as Valium or Xanax, barbiturates, or sleeping pills) without a doctor telling you to take them, in your lifetime? . . . . .	133
261	On how many occasions have you used sedatives (tranquilizers, such as Valium or Xanax, barbiturates, or sleeping pills) without a doctor telling you to take them, during the past 30 days? . . . . .	134
262	On how many occasions have you used methamphetamines (meth, speed, crank, crystal meth) in your lifetime? . . . . .	134

263	On how many occasions have you used methamphetamines (meth, speed, crank, crystal meth) in the past 30 days? . . . . .	135
264	On how many occasions have you used stimulants, other than methamphetamines (such as amphetamines, Ritalin or Dexedrine) without a doctor telling you to take them, in your lifetime? . . . . .	135
265	On how many occasions have you used stimulants, other than methamphetamines (such as amphetamines, Ritalin or Dexedrine) without a doctor telling you to take them, during the past 30 days? . . . . .	136
266	On how many occasions have you used heroin or other opiates in your lifetime? . . . . .	136
267	On how many occasions have you used heroin or other opiates during the past 30 days? . . . . .	137
268	On how many occasions have you used MDMA ('X', 'E', or ecstasy) in your lifetime? . . . . .	137
269	On how many occasions have you used MDMA ('X', 'E', or ecstasy) during the past 30 days? . . . . .	138
270	On how many occasions have you taken prescription drugs (such as Valium, Xanax, Ritalin, Adderall, OxyContin, Darvocet, or sleeping pills) on your own-that is, without a doctor telling you to take them in your lifetime? . . . . .	138
271	On how many occasions have you taken prescription drugs (such as Valium, Xanax, Ritalin, Adderall, OxyContin, Darvocet, or sleeping pills) on your own-that is, without a doctor telling you to take them during the past 30 days? . . . . .	139
272	On how many occasions have you taken non-prescription medicines such as diet pills (for example, Dietac, Dexatrim or Prolamine), stay-awake pills (for example No-Doz, Vivarin, or Wake), or cough or cold medicines (robos, DXM, etc.) to get high in your lifetime? . . . . .	139

273	On how many occasions have you taken non-prescription medicines such as diet pills (for example, Dietac, Dexatrim or Prolamine), stay-awake pills (for example No-Doz, Vivarin, or Wake), or cough or cold medicines (robos, DXM, etc.) to get high during the past 30 days? . . . . .	140
274	On how many occasions have you been drunk or very high from drinking alcoholic beverages during the past 30 days? . . . . .	140
275	On how many occasions have you drunk flavored alcoholic beverages, sometimes called 'alcopops' (like Mike's Hard Lemonade, Smirnoff Ice, Bacardi Breezers, etc.) in your lifetime? . . . . .	141
276	On how many occasions have you drunk flavored alcoholic beverages, sometimes called 'alcopops' (like Mike's Hard Lemonade, Smirnoff Ice, Bacardi Breezers, etc.) during the past 30 days? . . . . .	141
277	Think back over the last two weeks. How many times have you had five or more alcoholic drinks in a row? . . . . .	142
278	Have you ever used smokeless tobacco (chew, snuff, plug, dipping tobacco, or chewing tobacco)? . . . . .	142
279	How often have you taken smokeless tobacco during the past 30 days? . . . . .	142
280	Have you ever smoked cigarettes? . . . . .	143
281	How frequently have you smoked cigarettes during the past 30 days? . . . . .	143
282	Which statement best describes rules about smoking inside your home? . . . . .	144
283	Which statement best describes rules about smoking in your family cars? . . . . .	144
284	During this school year, were you taught in any of your classes about the dangers of tobacco use? . . . . .	145
285	During the past 12 months, have you participated in any community activities to discourage people your age from using cigarettes, chewing tobacco, snuff, dip or cigars? . . . . .	145

286	During the past 30 days, how many times did you ride in a car or other vehicle driven by someone who had been drinking alcohol? . . . . .	145
287	During the past 30 days, how many times did you drive a car or other vehicle when you had been drinking alcohol? . . . . .	146
288	If you drank alcohol (not just a sip or taste) in the past year, how did you usually get it? . . . . .	146
289	If you drank alcohol (not just a sip or taste) in the past year, where did you usually drink it? . . . . .	147
290	During the last month, about how many marijuana cigarettes, or the equivalent, did you smoke a day, on the average? . . . . .	147
291	How wrong would most adults (over 21) in your neighborhood think it is for kids your age: to use marijuana? . . . . .	148
292	How wrong would most adults (over 21) in your neighborhood think it is for kids your age: to drink alcohol? . . . . .	148
293	How wrong would most adults (over 21) in your neighborhood think it is for kids your age: to smoke cigarettes? . . . . .	148
294	How much do each of the following statements describe your neighborhood? crime and/or drug selling . . . . .	149
295	How much do each of the following statements describe your neighborhood? fights . . . . .	149
296	How much do each of the following statements describe your neighborhood? lots of empty or abandoned buildings . . . . .	149
297	How much do each of the following statements describe your neighborhood? lots of graffiti . . . . .	150
298	If I had to move, I would miss the neighborhood I now live in. . . . .	150
299	My neighbors notice when I am doing a good job and let me know about it. . . . .	150
300	I like my neighborhood. . . . .	151

301	There are lots of adults in my neighborhood I could talk to about something important. . . . .	151
302	I'd like to get out of my neighborhood. . . . .	151
303	There are people in my neighborhood who are proud of me when I do something well. . . . .	152
304	There are people in my neighborhood who encourage me to do my best. . . . .	152
305	I feel safe in my neighborhood. . . . .	152
306	Which of the following activities for people your age are available in your community? sports teams? . . . . .	153
307	Which of the following activities for people your age are available in your community? scouting? . . . . .	153
308	Which of the following activities for people your age are available in your community? boys and girls clubs? . . . . .	153
309	Which of the following activities for people your age are available in your community? 4-H clubs? . . . . .	153
310	Which of the following activities for people your age are available in your community? service clubs? . . . . .	154
311	If a kid smoked marijuana in your neighborhood would he or she be caught by the police? . . . . .	154
312	If a kid drank some beer, wine or hard liquor (for example, vodka, whiskey, or gin) in your neighborhood would he or she be caught by the police? . . . . .	154
313	If a kid carried a handgun in your neighborhood would he or she be caught by the police? . . . . .	155
314	If you wanted to get some cigarettes, how easy would it be for you to get some? . . . . .	155
315	If you wanted to get some beer, wine or hard liquor (for example, vodka, whiskey, or gin), how easy would it be for you to get some? . . . . .	155

316	If you wanted to get a drug like cocaine, LSD, or amphetamines, how easy would it be for you to get some? . . . . .	156
317	If you wanted to get a handgun, how easy would it be for you to get one? . . . . .	156
318	If you wanted to get some marijuana, how easy would it be for you to get some? . . . . .	156
319	During the past 12 months, have you participated in any alcohol prevention programs or seen any alcohol prevention messages in your school or community? Yes, a school-based program focused on preventing underage drinking and/or drinking and driving. . . . .	157
320	During the past 12 months, have you participated in any alcohol prevention programs or seen any alcohol prevention messages in your school or community? Yes, a community-based program focused on preventing underage drinking and/or drinking and driving (for example, through your church or temple or through youth groups like Boys and Girls Club or 4-H). . . . .	157
321	During the past 12 months, have you participated in any alcohol prevention programs or seen any alcohol prevention messages in your school or community? Yes, a media campaign addressing underage drinking and/or drinking and driving (for example, newspaper ads, posters, pamphlets, radio, TV). . . . .	157
322	During the past 12 months, have you participated in any alcohol prevention programs or seen any alcohol prevention messages in your school or community? No . . . . .	158
323	How wrong do your parents feel it would be for YOU to: drink beer, wine or hard liquor (for example, vodka, whiskey or gin) regularly? . . . . .	158
324	How wrong do your parents feel it would be for YOU to: smoke cigarettes? . . . . .	158
325	How wrong do your parents feel it would be for YOU to: smoke marijuana? . . . . .	159
326	How wrong do your parents feel it would be for YOU to: steal something worth more than \$5? . . . . .	159

327	How wrong do your parents feel it would be for YOU to: draw graffiti, write things, or draw pictures on buildings or other property (without the owner's permission)? . . . . .	159
328	How wrong do your parents feel it would be for YOU to: pick a fight with someone? . . . . .	160
329	During the past 12 months, have you talked with at least one of your parents about the dangers of underage drinking and/or drinking and driving? By parents, we mean either your biological parents, adoptive parents, stepparents, or adult guardians - whether or not they live with you. . . . .	160
330	Have any of your brothers or sisters ever: drunk beer, wine or hard liquor (for example, vodka, whiskey or gin)? . . . . .	160
331	Have any of your brothers or sisters ever: smoked marijuana? . . . . .	161
332	Have any of your brothers or sisters ever: smoked cigarettes? . . . . .	161
333	Have any of your brothers or sisters ever: taken a handgun to school? . . . . .	161
334	Have any of your brothers or sisters ever: been suspended or expelled from school? . . . . .	162
335	The rules in my family are clear. . . . .	162
336	People in my family often insult or yell at each other. . . . .	162
337	When I am not at home, one of my parents knows where I am and who I am with. . . . .	163
338	We argue about the same things in my family over and over. . . . .	163
339	If you drank some beer or wine or liquor (for example, vodka, whiskey, or gin) without your parents' permission, would you be caught by your parents? . . . . .	163
340	My family has clear rules about alcohol and drug use. . . . .	164
341	If you carried a handgun without your parents' permission, would you be caught by your parents? . . . . .	164

342	If you skipped school would you be caught by your parents? . . . . .	164
343	Do you feel very close to your mother? . . . . .	165
344	Do you share your thoughts and feelings with your mother? . . . . .	165
345	My parents ask me what I think before most family decisions affecting me are made. . . . .	165
346	Do you share your thoughts and feelings with your father? . . . . .	166
347	Do you enjoy spending time with your mother? . . . . .	166
348	Do you enjoy spending time with your father? . . . . .	166
349	If I had a personal problem, I could ask my mom or dad for help. . . . .	167
350	Do you feel very close to your father? . . . . .	167
351	My parents give me lots of chances to do fun things with them. . . . .	167
352	My parents ask if I've gotten my homework done. . . . .	168
353	People in my family have serious arguments. . . . .	168
354	Would your parents know if you did not come home on time? . . . . .	168
355	It is important to be honest with your parents, even if they become upset or you get punished. . . . .	169
356	My parents notice when I am doing a good job and let me know about it. . . . .	169
357	How often do your parents tell you they're proud of you for something you've done? . . . . .	169
358	How many brothers and sisters, including stepbrothers and step-sisters, do you have that are younger than you? . . . . .	170
359	How many brothers and sisters, including stepbrothers and step-sisters, do you have that are older than you? . . . . .	170
360	Have you changed homes in the past year (the last 12 months)? . . . . .	170

361	How many times have you changed homes since kindergarten? . . . . .	171
362	Have you changed schools (including changing from elementary to middle and middle to high school) in the past year? . . . . .	171
363	How many times have you changed schools since kindergarten (including changing from elementary to middle and middle to high school)? . . . . .	171
364	Has anyone in your family ever had severe alcohol or drug problems? . . . . .	172
365	About how many adults (over 21) have you known personally who in the past year have: used marijuana, crack, cocaine, or other drugs? . . . . .	172
366	About how many adults (over 21) have you known personally who in the past year have: sold or dealt drugs? . . . . .	172
367	About how many adults (over 21) have you known personally who in the past year have: done other things that could get them in trouble with the police, like stealing, selling stolen goods, mugging or assaulting others, etc.? . . . .	173
368	About how many adults (over 21) have you known personally who in the past year have: gotten drunk or high? . . . . .	173
369	How honest were you in filling out this survey? . . . . .	173

# 1 INTRODUCTION

This report summarizes findings from the Arkansas Prevention Needs Assessment Survey (APNA), a survey of 6th, 8th, 10th and 12th grade school students, conducted in the fall of 2009. This survey was available free of charge to all Arkansas public school districts that chose to participate. The survey was designed to assess adolescent substance use and related behaviors, and risk and protective factors that predict these behaviors. In this report, the results are presented for each grade along with the overall results for the State. Table 1 provides information on the total number of students, the number of school districts and the number of schools represented by this report. Table 2 provides information on the number and percent of students at each grade. Table 3 provides information on the number and percent of students by sex. Table 4 provides information on the number and percent of students by ethnic origin.

The APNA Survey was first administered in the fall of 2002 and has been administered in the fall of each school year since then. Because trends over time are very important to prevention planning, readers are encouraged to review the results from the previous surveys. By comparing the results of the previous surveys, changes in ATOD (alcohol, tobacco and other drugs) use, rates of ASB (antisocial behavior), and levels of risk and protective factors can be determined for a specific grade. It is important to note that the results in this report are for students who were not sampled in the even grades (6, 8, 10, and 12) during the previous year's survey. Those students are now in grades 7, 9, 11 or are out of school. Together, the results of the current and past APNA surveys provide a complete picture of ATOD use, antisocial behavior, risk, and protection for students in Arkansas.

*(Methods Note Regarding Long-Term Trend Data:)* The 2006 procedures varied from those used in this report, as well as those used in all other earlier reports. Non-standard procedures for calculating: 1) drug prevalence rates, and 2) for calculating scores on the risk and protective factor questions, were used in the 2006 report. The variation in 2006 procedures related to how missing data (i.e., instances where the student did not respond to a question) were counted. The effect of the 2006 procedure was to slightly reduce the reported prevalence levels for all drugs, and to lower the calculated scores for the risk and protective factor questions.

In this report, the computational methods used for all calculations are identical to those used in all prior reports, other than the 2006 report. In addition, to produce the most accurate long-term trend data possible, 2006 results have been recalculated using standard procedures consistent with all reporting years. This means that, in some cases, small deviations in 2006 data points will be noted between this report and the actual 2006 report.

## 1.1 The Risk and Protective Factor Model of Prevention

Risk and protective factor-focused prevention is based on a simple premise: To prevent a problem from happening, we need to identify the factors that increase the risk of that problem developing and then find ways to reduce the risks. Just as medical researchers have found risk factors for heart attacks such as diets high in fats, lack of exercise, and smoking, a team of researchers, the Social Development Research Group (SDRG), at the University of Washington, have defined a set of risk factors for drug abuse. The research team also found that some children exposed to multiple risk factors manage to avoid behavior problems later even though they were exposed to the same risks as children who exhibited behavior problems. Based on research, they identified protective factors and processes that work together to buffer children from the effects of high risk exposure and lead to the development of healthy behaviors.

Risk factors include characteristics of school, community, and family environments, as well as characteristics of students and their peer groups that are known to predict increased likelihood of drug use, delinquency, and violent behaviors among youth (Hawkins, Catalano & Miller, 1992; Hawkins, Arthur & Catalano, 1995; Brewer, Hawkins, Catalano & Neckerman, 1995).

## 2 TOOLS FOR ASSESSMENT AND PLANNING

Protective factors exert a positive influence or buffer against the negative influence of risk, thus reducing the likelihood that adolescents will engage in problem behaviors. Protective factors, identified through research reviewed by the Social Development Research Group, include social bonding to family, school, community and peers; and healthy beliefs and clear standards for behavior.

Research on risk and protective factors has important implications for prevention efforts. The premise of this approach is that in order to promote positive youth development and prevent problem behaviors, it is necessary to address those factors that predict the problem. By measuring risk and protective factors in a population, specific risk factors that are elevated and widespread can be identified and targeted by preventive interventions that also promote related protective factors. For example, if academic failure is identified as an elevated risk factor in a community, then mentoring and tutoring interventions can be provided that will improve academic performance, and also increase opportunities and rewards for classroom participation.

Risk and protective factor-focused drug abuse prevention is based on the work of J. David Hawkins, Ph.D., Richard F. Catalano, Ph.D.; and a team of researchers at the University of Washington in Seattle. Beginning in the early 1980's, the group researched adolescent problem behaviors and identified risk factors for adolescent drug abuse and delinquency. The chart below shows the links between the 16 risk factors and the five problem behaviors. The check marks have been placed in the chart to indicate where at least two well designed, published research studies have shown a link between the risk factor and the problem behavior.

YOUTH AT RISK	PROBLEM BEHAVIORS				
	Substance Abuse	Delinquency	Teen Pregnancy	School Drop-Out	Violence
<b>Community</b>					
Availability of Drugs and Firearms	✓				✓
Community Laws and Norms Favorable Toward Drug Use	✓				
Transitions and Mobility	✓	✓		✓

### 3 SCHOOL IMPROVEMENT USING SURVEY DATA

Data from the Arkansas Prevention Needs Assessment Survey can be used to help school and community planners assess current conditions and prioritize areas of greatest need.

Each risk and protective factor can be linked to specific types of interventions that have been shown to be effective in either reducing the risk(s) and enhancing the protection(s). The steps outlined below will help your school and community make key decisions regarding allocation of resources, how and when to address specific needs, and which strategies are most effective and known to produce results.

#### 3.1 What are the numbers telling you?

Review the charts and data tables presented in this report. Using the table in section 3.3, note your findings as you discuss the following questions

- Which 3 to 5 risk factors appear to be higher than you would want?
- Which 3 to 5 protective factors appear to be lower than you would want?
- Which levels of 30 day drug use are increasing and/or unacceptably high?
  - Which substances are your students using the most?
  - At which grades do you see unacceptable usage levels?
- Which levels of antisocial behaviors are increasing and/or unacceptably high?
  - Which behaviors are your students exhibiting the most?
  - At which grades do you see unacceptable behavior levels?

#### 3.2 How to decide if a rate is "unacceptable."

- Look across the charts to determine which items stand out as either much higher or much lower than the others.
- Compare your data to statewide data and national data. Differences of 5% or more between the local and other data should be carefully reviewed.
- Determine the standards and values held in your area. For example: Is it acceptable in your community for 75% of high school students to drink alcohol regularly even when the statewide percentage is 90?

#### 3.3 Use these data for planning:

- Substance use and antisocial behavior data - raise awareness about the problems and promote dialogue.
- Risk and protective factor data - identify exactly where the community needs to take action.
- Promising approaches - talk with resources listed on the last page of this report for ideas about programs that have been proven effective in addressing the risk factors that are high in your area, and in improving the protective factors that are low.

Measure	Unacceptable Rate #1	Unacceptable Rate #2	Unacceptable Rate #3	Unacceptable Rate #4
30 Day Drug Use				
Antisocial Behavior				
Risk Factors				
Protective Factors				

### How do I decide which intervention(s) to employ?

- Strategies should be selected based on the risk factors that are high in your community and the protective factors that are low.
- Strategies should be age appropriate and employed prior to the onset of the problem behavior.
- Strategies chosen should address more than a single risk and protective factor.
- No single strategy offers the solution.

### How do I know whether or not the intervention was effective?

- Participation in the annual administration of the survey provides trend data necessary for determining the effectiveness of the implemented intervention(s) and also provides data for determining any new efforts that are needed.

## 4 HOW TO READ THE CHARTS AND TABLES

1. Student responses for risk and protective factors, substance use and anti-social behavior questions are displayed by grade on the following pages.
2. The factors are grouped into 4 domains: community, family, peer-individual, and school.
3. The bars represent the percent of students in the grade who reported elevated risk or protection, substance use, antisocial behaviors or school safety concerns.
4. Scanning across these charts, you can easily determine which factors are most (or least) prevalent, thus identifying which are the most important for your community to address.
5. Bars will be complemented by a small dot. The dot shows the comparison from the state and provides additional information for you in determining the relative importance of each risk or protective factor.
6. A dashed line on each risk and protective factor chart represents the percentage of youth at risk or with protection for the seven state sample upon which the cut-points were developed. The seven states included in the norm group were Colorado, Illinois, Kansas, Maine, Oregon, Utah and Washington. This gives you a comparison to a national sample.
7. Brief definitions of the risk and protective factors can be found following the graphs.
8. The tables provide more detailed information and are broken down by grade level. The combined category consists of all the grade levels represented in this report combined together (ie. if the report is based on 10th and 12th graders then the combined category will be all the 10th and 12th graders combined). For the tables on substance use, some substances also have a comparison to the Monitoring the Future (MTF) data. Monitoring the Future is an annual federally funded national survey of substance use across the country for students in grade 8, 10 and 12. For some substances and for some years or some grades, there is no corresponding MTF data.
9. The following abbreviations are sometimes used in the tables and charts due to space constraints:

**ATOD** stands for Alcohol, Tobacco and Other Drug Use.

**ASB** stands for Antisocial Behaviors.

**PSI** stands for Prosocial Involvement.

**MTF** stands for Monitoring the Future.

Table 5: Risk and Protective Factor Scale Definition

Community Domain Risk Factors	
<b>Low Neighborhood Attachment</b>	A low level of bonding to the neighborhood is related to higher levels of juvenile crime and drug selling.
<b>Community Disorganization</b>	Research has shown that neighborhoods with high population density, lack of natural surveillance of public places, physical deterioration, and high rates of adult crime also have higher rates of juvenile crime and drug selling.
<b>Laws and Norms Favorable Toward Drug Use</b>	Research has shown that legal restrictions on alcohol and tobacco use, such as raising the legal drinking age, restricting smoking in public places, and increased taxation have been followed by decreases in consumption. Moreover, national surveys of high school seniors have shown that shifts in normative attitudes toward drug use have preceded changes in prevalence of use.
<b>Perceived Availability of Drugs</b>	The availability of cigarettes, alcohol, marijuana, and other illegal drugs has been related to the use of these substances by adolescents.
<b>Perceived Availability of Handguns</b>	The availability of handguns has also been related to the use of these substances by adolescents.
Community Domain Protective Factors	
<b>Opportunities for Prosocial Involvement</b>	When opportunities are available in a community for positive participation, children are less likely to engage in substance use and other problem behaviors.
<b>Rewards for Prosocial Involvement</b>	Rewards for positive participation in activities help children bond to the community, thus lowering their risk for substance use.
Family Domain Risk Factors	
<b>Poor Family Management</b>	Parents' use of inconsistent and/or unusually harsh or severe punishment with their children places them at higher risk for substance use and other problem behaviors. Also, parents' failure to provide clear expectations and to monitor their children's behavior makes it more likely that they will engage in drug abuse whether or not there are family drug problems.

*continued on the next column*

Risk and Protective Factor Scale Definition (continued)

<b>Family Conflict</b>	Children raised in families high in conflict, whether or not the child is directly involved in the conflict, appear at risk for both delinquency and drug use.
<b>Family History of Antisocial Behavior</b>	When children are raised in a family with a history of problem behaviors (e.g., violence or ATOD use), the children are more likely to engage in these behaviors.
<b>Parental Attitudes Favorable Toward Drug Use</b>	In families where parents use illegal drugs, are heavy users of alcohol, or are tolerant of children's use, children are more likely to become drug abusers during adolescence. The risk is further increased if parents involve children in their own drug (or alcohol) using behavior, for example, asking the child to light the parent's cigarette or get the parent a beer from the refrigerator.
<b>Parental Attitudes Favorable Toward Antisocial Behavior</b>	In families where parents are tolerant of their child's antisocial behavior (i.e. fighting, stealing, defacing property, etc.), children are more likely to become drug abusers during adolescence.
Family Domain Protective Factors	
<b>Family Attachment</b>	Young people who feel that they are a valued part of their family are less likely to engage in substance use and other problem behaviors.
<b>Opportunities for Prosocial Involvement</b>	Young people who are exposed to more opportunities to participate meaningfully in the responsibilities and activities of the family are less likely to engage in drug use and other problem behaviors.
<b>Rewards for Prosocial Involvement</b>	When parents, siblings, and other family members praise, encourage, and attend to things done well by their child, children are less likely to engage in substance use and problem behaviors.
School Domain Risk Factors	
<b>Academic Failure</b>	Beginning in the late elementary grades (grades 4-6) academic failure increases the risk of both drug abuse and delinquency. It appears that the experience of failure itself, for whatever reasons, increases the risk of problem behaviors.
<b>Low Commitment to School</b>	Surveys of high school seniors have shown that the use of hallucinogens, cocaine, heroin, stimulants, and sedatives or non-medically prescribed tranquilizers is significantly lower among students who expect to attend college than among those who do not. Factors such as liking school, spending time on homework, and perceiving the coursework as relevant are also negatively related to drug use.

*continued on the next column*

Risk and Protective Factor Scale Definition (continued)

School Domain Protective Factors	
<b>Opportunities for Prosocial Involvement</b>	When young people are given more opportunities to participate meaningfully in important activities at school, they are less likely to engage in drug use and other problem behaviors.
<b>Rewards for Prosocial Involvement</b>	When young people are recognized and rewarded for their contributions at school, they are less likely to be involved in substance use and other problem behaviors.
Individual/Peer Risk Factors	
<b>Rebelliousness</b>	Young people who do not feel part of society, are not bound by rules, don't believe in trying to be successful or responsible, or who take an active rebellious stance toward society, are at higher risk of abusing drugs. In addition, high tolerance for deviance, a strong need for independence and normlessness have all been linked with drug use.
<b>Early Initiation of Drug Use</b>	Early onset of drug use predicts misuse of drugs. The earlier the onset of any drug use, the greater the involvement in other drug use and the greater frequency of use. Onset of drug use prior to the age of 15 is a consistent predictor of drug abuse, and a later age of onset of drug use has been shown to predict lower drug involvement and a greater probability of discontinuation of use.
<b>Early Initiation of Antisocial Behavior</b>	Early onset of antisocial behaviors such as being suspended from school, arrests, carrying handguns, fighting, etc. makes young people more likely to be involved in substance abuse.
<b>Attitudes Favorable Toward Drug Use</b>	During the elementary school years, most children express anti-drug, anti-crime, and pro-social attitudes and have difficulty imagining why people use drugs. However, in middle school, as more youth are exposed to others who use drugs, their attitudes often shift toward greater acceptance of these behaviors. Youth who express positive attitudes toward drug use are more likely to engage in a variety of problem behaviors, including drug use.
<b>Attitudes Favorable Toward Antisocial Behavior</b>	During the elementary school years, most children express anti-drug, anti-crime, and pro-social attitudes and have difficulty imagining why people engage in antisocial behaviors. However, in middle school, as more youth are exposed to others who engage in antisocial behavior, their attitudes often shift toward greater acceptance of these behaviors. Youth who express positive attitudes toward antisocial behavior are more likely to engage in a variety of problem behaviors, including antisocial behavior.

*continued on the next column*

Risk and Protective Factor Scale Definition (continued)

<b>Perceived Risk of Drug Use</b>	Young people who do not perceive drug use to be risky are far more likely to engage in drug use.
<b>Interaction with Antisocial Peers</b>	Young people who associate with peers who engage in problem behaviors are at higher risk for engaging in antisocial behavior themselves.
<b>Friends' Use of Drugs</b>	Young people who associate with peers who engage in alcohol or substance abuse are much more likely to engage in the same behavior. Peer drug use has consistently been found to be among the strongest predictors of substance use among youth. Even when young people come from well-managed families and do not experience other risk factors, spending time with friends who use drugs greatly increases the risk of that problem developing.
<b>Depressive Symptoms</b>	Young people who express feelings of sadness for long periods over the past year and who have negative attitudes about themselves and life in general are more likely to use drugs.
<b>Rewards for Antisocial Behavior</b>	Young people who receive rewards for their antisocial behavior are at higher risk for engaging further in antisocial behavior and substance use.
Individual/Peer Protective Factors	
<b>Religiosity</b>	Young people who regularly attend religious services are less likely to engage in problem behaviors.
<b>Social Skills</b>	Young people who are socially competent and engage in positive interpersonal relations with their peers are less likely to use drugs and engage in other problem behaviors.
<b>Belief in the Moral Order</b>	Young people who have a belief in what is "right" or "wrong" are less likely to use drugs.
<b>Prosocial Involvement</b>	Participation in positive school and community activities helps provide protection for youth.
<b>Rewards for Prosocial Involvement</b>	Young people who are rewarded for working hard in school and volunteering in the community are less likely to engage in problem behavior.

## 5 NO CHILD LEFT BEHIND PROFILE

The No Child Left Behind Profile looks specifically at student responses to the questions "How old were you when you first ...". The questions cover both first incidences of drug use (marijuana, cigarettes, alcohol, and regular use of alcohol) and first incidences of antisocial behaviors (suspension, arrest, carrying a gun, attacking someone and belonging to a gang). Possible responses to these questions range from age 10 to age 17 or the student can respond to the question with *Never*. The average age figures are based only on those students who responded to the question with an answer other than *Never*.

## 6 STUDENT TOBACCO USE, EXPERIENCES AND PREVENTION SERVICES

Tobacco use is the leading preventable cause of death in the United States. The 2009 survey added four new tobacco-related questions (Q86-Q89) to the already existing items (Q82-Q85) to explore this topic.

Arkansas youth typically have higher rates of tobacco use, including both cigarettes and smokeless tobacco, than the national average. Higher tobacco prevalence rates are common across the Southeast United States. This is due to a variety of cultural and economic factors that have traditionally supported greater tobacco use. The following table shows the results of the lifetime and past 30 day use of cigarettes and chewing tobacco.

Table 102: Cigarettes - Lifetime Use

Grade	Group	2006	2007	2008	2009

## 7 DRUG-FREE COMMUNITIES SUPPORT PROGRAM CORE MEASURES

The Drug-Free Communities Support Program, administered by the Center for Substance Abuse Prevention, requests specific data which is typically referred to as the Core Measures. The drug categories measured are tobacco, alcohol and marijuana and the table is broken down by grade level. For each drug, and at each grade level, the percentage of students who responded positively to the question and the number of students who responded to the question are reported. For *Age of Onset*, the average age of first use for those students who reported using is reported.

**Past 30-Day Use** The question *On how many occasions have you used ... in the past 30 days?* is used to measure this statistic by reporting the percentage of students who report any use in the past 30 days.

**Perception of Risk** The question *How much do you think people risk harming themselves if they ...?* is used to measure this statistic by reporting the percentage of students who report that using the drug is a *Moderate Risk* or a *Great Risk* to their health.

**Perception of Parental Disapproval** The question *How wrong do your parents feel it would be for you to ...?* is used to measure this statistic by reporting the percentage of students who report that parents would feel it is *Wrong* or *Very Wrong* to use tobacco, alcohol and marijuana.

**Age of Onset** The question *How old were you when you first...?* is used to measure this statistic. The possible responses to this question range from *10 or Under* to *17 or Older*. The table shows the average age of onset of use of those students who answered the question with a response other than *Never Used*.

## 8 CROSSTABULATION OF QUESTIONNAIRE VARIABLES BY GRADE LEVEL

This section of the report was generated from data collected on the *2009 Arkansas Prevention Needs Assessment Student Survey*. This section contains basic frequency tables of all data collected and graphs on the selected demographic variables of grade, gender and age.

The demographics charts will be followed by a series of tables which contain frequency distribution detailing how your students responded to the questions on the survey with one table for each question. The tables appear in the same order as the questions on the survey. The tables include breakdowns by grade level as well as overall percentages. The *N of Valid* row is a frequency count of the number of valid responses to each question for each grade and overall. The *N of Miss* row is a frequency count of the number of invalid (marked more than one response) or missing (i.e. did not respond) responses to each question for each grade and overall.

For the questions that allowed a student to mark more than one response (i.e. origin, live with, etc.) each response becomes a separate table. If a student did not mark the response, that was counted as a NO response, and if they did mark the response, that was counted as a YES response. Since a non response is a valid response for these questions, the *N of Miss* will always be zero for these questions.

Ethnic origin is one of the questions that students have historically been allowed to mark more than one response to and requires some additional explanation. The ethnic origin table presented in the introduction of this report was calculated in the same manner as in all previous years' reports and uses a method that incorporates the fact that a student may have marked more than one Ethnic Origin category in order to calculate a percentage figure. The tables that follow that deal with ethnic origin only report on each specific ethnic category and do not take into account the fact that students may have marked more than one ethnic category and therefore will not usually provide the same percentage figure as the historically used method. This is not an error, but rather a different way of looking at the same question.
